GUIDE FOR AUTHOR

Jurnal Administrasi Kesehatan Indonesia (JAKI) received scientific work in the form of research articles. The manuscript must be original and unpublished. If the manuscript is accepted for publication in the Indonesian Journal of Health Administration, then the submission of the manuscript shall not be permitted to publish the manuscript to other media.

A. Form of Script Writing

The manuscript is typed on A4 size A-size HVS paper with 1 spaced space on 1 side (not back and forth) with a 6-10 page length. The type of font used is Arial size 9 pt. Margin or border of writing from the edge of the paper 2.5 cm on all four sides. The script is typed in (2) two columns. Not allowed to use footnote. The manuscript is sent as a file in MS Word format. The manuscript is written in Indonesian or English, with effective and academic language. All incoming scientific articles will be judged by the editor-in-chief appointed by the editor.

B. Scientific Article Organization

1. TITLE should be concise and clear (maximum 12 words) without any subtitles. Preferably the title does not show an analytical relationship but rather displays the ultimate research findings / findings. Not allowed to use abbreviations, except for common abbreviations (eg DNA). Title and author are written in the following format:

THE IMPLEMENTATION OF THEORY OF CONSTRAINT ON WAITING TIME OF PRESCRIPTION SERVICE

Alissa Sita Pertiwi¹, Thinni Nurul Rochmah²

¹AKMI Jawa Timur, Indonesia

²Faculty of Public Health, Universitas
Airlangga, Indonesia

E-mail: alissa.sita.pertiwi-2015@fkm.unair.ac.id

2. ABSTRACT is presented in a paragraph written in Bahasa Indonesia and English (maximum 200 words). The abstract should contain research problems, research objectives, methods used, research results and conclusions. Three to five keywords or keywords are written alphabetically under the abstract
3. INTRODUCTION, covering the background of the problem, the formulation of the problem and research objectives and the benefits of research results.
4. METHOD, contains research design; time and location of research; population, sample and sampling method; how research works; as well as analysis of research results.

5. RESULTS AND DISCUSSION contains the results of research in accordance with the objectives of the study accompanied by scientific discussions and arguments that support. Tables, graphs, images that support the results of the study can be included. The discussion focused on discussing the main results of the study. The provisions of writing tables, graphs and drawings are as follows: a) TABLES, accompanied by title, by rule (1) Written in 1 spaced format, arial font, 9 pt font size, no bold, centered; (2) Show "what", "where", "when"; (3) written at the top before the table; (4) Format table using open table; (5) Not allowed to exceed the margin of writing, (6) Maximum 3 Tables, (7) Tables originating from citation, shall be written source. b) GRAPHS OR DRAWINGS, with Title with rules: (1) Written in 1 spaces, arial font, 9pt font size, bold, centered; (2) the title of the image is written at the bottom after the image; (3) Not allowed to exceed the writing margin, (4) Maximum 3 Images, (5) graphs, or images originating from the citation, shall be written source.
6. CONCLUSION contains a brief statement, about the results obtained associated with the objectives and hypotheses (if any) have been proposed. If any suggestions or recommendations may be included in the conclusion
7. REFERENCES, based on the Harvard Anglia system (name and year), and arranged in alphabetical order and listed. The number of bibliography of more than 10 sources and 60% comes from scientific articles (Journal)

All scientific articles are checked plagiarism through TURNITIN software 2 times that is the first time journal entry and after journal got review from reviewer. The results of checking plagiarism through software TURNITIN maximum 30%. Each submitted manuscript must be in accordance with the Directive for Authors and should be submitted online at <https://e-journal.unair.ac.id/JAKI/pages/view/OS>. To facilitate the author, Templates can be downloaded on the web JAKI. Instructions to register, submission and revision are provided on this website. If difficulties writers can contact via email: jaki@fkm.unair.ac.id. Jurnal Administrasi Kesehatan Indonesia is a journal with open access. The author will not pay for processing and submission of fees for article processing (free), except for print journal (shipping costs) and conference collaboration.
