AUTHORS GUIDELINES

1. GUIDELINES FOR ONLINE SUBMISSION

The author should first register as author and offer to be a reviewer via the following address: <https://e-journal.unair.ac.id/JIPK/onlineSubmissions>. The author should complete those sections of the form marked with a star in as much detail as possible and when author register and then choose and tick on “Author: Able to submit items to the journal”. Following the completion of all the text boxes, the author clicks on the “Register” button to activate the registration process. The author is then brought to the online author submission interface where he/she should click on “New Submission”. In the “Start a New Submission” section, click on “*Click Here: to go to Step One of the five-step submission process*”. The following are the five steps of the online submission process:

1. **Step 1 - Starting the Submission:** Select the appropriate section of the journal, i.e. Original Research Articles, Review Article, or Short Communication. The author must check-mark on the submission checklists.
2. **Step 2 – Uploading the Submission:** To upload a manuscript to this journal, click on “Browse” on the “Upload Submission” file item, select the manuscript document file to be submitted, then click on the “Upload” button.
3. **Step 3 – Entering Submission Metadata:** In this step, detailed author metadata should be entered, including the marked corresponding author. The manuscript title and abstract must then be uploaded by copying the text and pasting it into the textbox, including keywords.
4. **Step 4 – Uploading Supplementary Files:** A supplementary file should be uploaded containing a Covering or Submission Letter, and a Signed Copyright Transfer Agreement Form. Click on the “Browse” button, choose the file and then click on the “Upload” button.
5. **Step 5 – Confirming the Submission:** Authors should conduct a final check of the uploaded manuscript documents at this stage. To submit the manuscript to JIPK (Jurnal Ilmiah Perikanan dan Kelautan), press the “Finish Submission” button after the document’s content has been verified. The corresponding author or principal contact

will receive an acknowledgment by email and will be able to view the submission's progress through the editorial process by logging onto the journal's web address site.

Following submission, authors who submit a manuscript will receive an email confirming receipt enabling them to track their submission status at any time by logging onto the online submission interface. The submission tracking includes both the status of the manuscript review and editorial process.

2. GUIDELINES FOR MANUSCRIPT PREPARATION Type of paper

Contributions falling into the following categories will be considered for publication: Research Article, Short Communication, and Review, that are accepted which have not been submitted and would not be submitted elsewhere.

1. Research Article

Present an original and important major advance in fisheries or marine science having a wide research scheme and deep discussion of the findings. The structure of the article consists of Introduction, Materials and Methods, Results and Discussion, Conclusion, Acknowledgment, and References. This article should be typed within not excess than 15 pages or 3500-7000 words (including figures and tables).

2. Short Communication

Based on urgency, research scope and depth of discussion, an article can be published as a short communication. The structure of the article consists of Introduction, Materials and Methods, Results and Discussion, Conclusion, Acknowledgment, and References. The short communication (1500-3000 words) receives the same in-depth review as the Research Article.

3. Review Article

A survey, evaluation and critical interpretation of recent research, data, and concepts in the field of fisheries or marine sciences. A review article is only submitted based on an invitation by Editor in Chief. This article should be typed within more than 15 pages or minimum 7000 words (including figures and tables).
