Guideline For Author

Journal of Information Systems Engineering and Business Intelligence (JISEBI) is an international, peer review, electronic, and open access journal. JISEBI is seeking for an original and high-quality manuscript.

Manuscripts must be submitted in English and structured using the IMRaD (Introduction, Method, Results, Discussion, and Conclusion) format. Manuscript files should be in DOCX and using JISEBI Template formatting. Manuscript has a maximum length of 14 pages, using figures and tables effectively. please used single-space, single column, and max 3 level heading in your manuscripts. use IEEE standard for Reference style and general Layout. Make sure that all authors information is provided in OJS metadata upon submission. The manuscript should follow the JISEBI editorial policy and be submitted online into OJS system (<http://e-journal.unair.ac.id/index.php/JISEBI>).

Journal Publication Policy

All manuscripts received must be original and will be subject to a single-blind review process. Editors conducted an initial screening based on Authors Submission Checklist (see Article Templates and Instructions). If the manuscript meets the basic journal standards, it will be processed into the peer review phase. at least 2 independents reviewers will evaluated the manuscript. Based on the reviewers report and recommendation, Editors decides whether to accept or reject the article. The editor will weigh all views and may call for a third opinion if necessary. the final decision made by the editor is unappealable.
