Journal of Information Systems Engineering and Business Intelligence is indexed/abstracted in Crossref, Google Scholar, SINTA (Science and Technology Index), Indonesian Scientific Journal Database, Portal Garuda IPI, Bielefeld Academic Search Engine (BASE), Indonesia OneSearch, Microsoft Academic, and Norwegian Centre for Research Data.

Journal of Information Systems Engineering and Business Intelligence has been Accredited by the Ministry of Research, Technology / National Research, and Innovation Agency of the Republic of Indonesia with Peringkat 2 (SINTA 2) from 2020 to 2024 with the decree number 148/M/KPT/2020 dated 3 August 2020.

Journal of Information Systems Engineering and Business Intelligence

Journal of Information System Engineering and Business Intelligence (JISEBI) aims to promote high-quality Information Systems (IS) research to computer scientists and IS professionals. Critical success factors to achieve these goals include:

- Maintain the highest quality standards.
- Attract international authors and promote Indonesian authors to publish high-quality Information Systems research.
- Provide a timely manner editorial assessment of the submitted manuscript.

JISEBI is published bi-annually by Universitas Airlangga. Contributed papers must be original and offer a state-of-the-art contribution. Each manuscript will be reviewed by at least two independent reviewers in the relevant field ensuring the publication of only top-quality contributions. JISEBI offer open-access license (CC-BY), authors retain the copyright.

The journal publishes research articles and reviews articles in areas of Information System Engineering and Business Intelligence. Information System Engineering is a multidisciplinary approach to all activities in the development and management of information systems aiming to achieve organizational goals. Business Intelligence (BI) focuses on techniques to transfer raw data into meaningful information for business analysis purposes to achieve sustainable competitive advantage. Areas of interest in Information System Engineering and Business Intelligence include but are not limited to the following topics: Management of Information Systems, IT Organizational Governance, Information Systems Theory and Practices, Data Analysis, Artificial Intelligence, Decision Support System, Computer Science, and Software Engineering

JISEBI has been accredited by the Ministry of Research, Technology / National Research, and Innovation Agency of the Republic of Indonesia with Peringkat 2 (SINTA 2) from 2016 to date with the decree number 148/M/KPT/2020 dated 3 August 2020. JISEBI has also been indexed by Dimensions, Crossref, ROAD, Google Scholar, BASE, SINTA, and Microsoft Academic Search.
