Journal of Information Systems Engineering and Business Intelligence is indexed/abstracted in Crossref, Google Scholar, SINTA (Science and Technology Index), Indonesian Scientific Journal Database, Portal Garuda IPI, Bielefeld Academic Search Engine (BASE), Indonesia OneSearch, Dimensions, Microsoft Academic, and Norwegian Centre for Research Data.

Journal of Information Systems Engineering and Business Intelligence has been Accredited by the Ministry of Research, Technology / National Research, and Innovation Agency of the Republic of Indonesia with Peringkat 2 (SINTA 2) from 2020 to 2024 with the decree number 148/M/KPT/2020 dated 3 August 2020.

Journal of Information Systems Engineering and Business Intelligence

Journal of Information Systems Engineering and Business Intelligence (JISEBI) is an international peer-reviewed open-access journal. JISEBI aims to promote high-quality Information Systems (IS) research among academics and practitioners alike, including computer scientists, IS professionals, business managers, and other stakeholders in the industry. Contributed papers must be original and offer an impactful contribution. At least two independent reviewers will review each manuscript in the relevant field to ensure the publication of only top-quality contributions. JISEBI offers an open-access license (CC-BY) while retaining the copyright for the authors.

The journal publishes original research articles and systematic reviews in the areas of Information System Engineering and Business Intelligence. The Information System Engineering refers to a multidisciplinary approach to all activities in the development and management of information systems aiming to achieve organizational goals; whereas the Business Intelligence focuses on techniques to transfer raw data into meaningful information for business analysis purposes to achieve sustainable competitive advantage.

Areas of interest in Information System Engineering and Business Intelligence include, but are not limited to, the following topics: Management of Information Systems, IT Organizational Governance, Information Systems Theory and Practices, Data Analysis, Artificial Intelligence, Decision Support System, Computer Science, and Software Engineering.

The Ministry of Research, Technology/National Research and Innovation Agency of the Republic of Indonesia has accredited JISEBI with Peringkat 2 (SINTA 2) from 2016 to 2024 with the decree number 148/M/KPT/2020 dated 3 August 2020. Indexed by Crossref, ROAD, Google Scholar, BASE, SINTA, GARUDA, Dimensions, Microsoft Academic, and Norwegian Centre for Research Data.
