Views of the extravehicular activity during STS 41-B

Astronaut Bruce McCandless II, mission specialist, participates in a extra-vehicular activity (EVA), a few meters away from the cabin of Space Shuttle Challenger. He is using a nitrogen-propelled hand-controlled Manned Maneuvering Unit (MMU). He is performing this EVA without being tethered to the shuttle. The picture shows a cloud view of the Earth in the background. (taken on 11 February 1984)

This image is in the public domain because it was solely created by NASA. NASA copyright policy states that "NASA material is not protected by copyright unless noted".

Guideline for Author

INTRODUCTION

Open Access Copyright

All accepted papers will be published under a Creative Commons Attribution 4.0 International (CC BY 4.0) License. Authors retain copyright and grant the journal right of first publication. CC-BY Licenced means lets others to Share (copy and redistribute the material in any medium or format) and Adapt (remix, transform, and build upon the material for any purpose, even commercially).

Types of Paper

JISEBI invites authors to write Original research and Systematic Review article.

BEFORE YOU BEGIN

Ethics in publishing

Please see our Publication Ethics pages (<https://e-journal.unair.ac.id/JISEBI/pubethics>).

Declaration of interest

All authors must disclose any financial and personal relationships that could inappropriately influence their work. Please declare potential conflicts of interest from our Editorial Team member in "Comments for Editor" form during paper submission through OJS.

Submission declaration and verification

Submission has not been previously published or is under consideration of another journal (except in the form of an abstract or as part of a published lecture or academic thesis or as an electronic preprint). Please read more about in "Multiple, Redundant, or Concurrent Publication" from our Publication Ethics pages.

Changes to authorship

the list of authors listed at the time of submission is final and should not be changed. Authors are expected to consider carefully including an order of authors. any addition, deletion or rearrangement of author names should be made only before the manuscript has been accepted and only if approved by the Editors. written confirmation (e-mail, letter) from all authors are needed to make such change, includes confirmation from the author being added or removed. Only in exceptional circumstances will the Editors consider the addition, deletion or rearrangement of authors.

Submission

We use Open Journal System (OJS) fully. The manuscript acceptance will be done by uploading to the OJS system via <http://e-journal.unair.ac.id/index.php/JISEBI>. As part of the submission process, authors must check their submission's compliance with the Submission Preparation Checklist, it can help significantly shorten the time to publish, and the manuscript will be presented professionally in both format and content to a broad audience.

PREPARATION

Single Blind Peer Review

All manuscripts received must be original and will be subject to a single-blind review process. Make sure that all authors information is provided in OJS metadata upon submission. At least 2 reviewers

will be assigned per manuscripts. Based on them, the final decision made by the editor is unappealable.

Submission files

The submission file is the docx format in Microsoft Word 2007 or later version. please use the JISEBI template to make it easier for you to write the manuscript, in addition to helping the editor in layout editing process.

Article Structure

Manuscripts must be submitted in English and structured using the IMRaD (Introduction, Method, Results, Discussion, and Conclusion) format. you need to write the Results and Discussion chapter separately. Manuscripts can be any length, using figures and tables effectively. please used single-space, single column, and max 2 level heading in your manuscripts. use IEEE standard for Reference style and general Layout. We suggest there should be at least 20 references within the manuscript. The Author is recommended to use Mendeley Reference Manager for handling citations in the manuscript.
