Introduction

With thanks to Almighty God, finally volume 9 number 1 Journal of Public Health Research and Community Health Development can finally be published. Journal of Public Health Research and Community Health Development well known as JPH RECODE, is a journal published by Public Health Study Program, Faculty of Health, Medicine, and Life Science, Universitas Airlangga. Our journal is published biannually in October and March. JPH RECODE is on public health as discipline and practices related to preventive and promotion measures to enhance health of the public through scientific approach applying variety of techniques. This focus includes area and scope such as biostatistics and health population, epidemiology, health education and promotion, health policy and administration, environmental health, public health nutrition, sexual and reproductive health, and occupational health and safety. JPH RECODE was first published since October 2017 (Volume 1 Issue 1) with 6 manuscripts in 60 pages, then from March 2018 until now our journal has been publishing 10 manuscripts in every edition. Every edition now consists of 1-100 pages. Manuscripts are written in full English.

With the publication of article volume 9 number 1, the Journal of Public Health Research and Community Health Development has reached a significant milestone that has been published 9 years in a row with 2 numbers with a total of 9 volumes. In article volume 9 number 1, there are writers domestically and abroad. The articles presented various topics such as: Epidemiology, Health Promotion and Behavior Science, Sexual and Reproductive Health, Environmental Health, Health Care and Hospital Management.

The existence of the Journal of Public Health Research and Community Health Development scientific journal is expected to be a lever on the development of communicative writing culture and scientific studies as well as the allure of readers and writers to participate in the Journal of Public Health Research and Community Health Development issues in future. Hopefully the thoughts and works displayed.
