Media Gizi Indonesia (MGI) Media Gizi Indonesia (MGI) / National Nutrition Journal (ISSN International Centre ; p-ISSN 1693-7228 ; e-ISSN 2540-8410) is a scientific journal on nutrition that has been published since 2004. It is periodically published every 4 months, in January, May, and September. MGI also collaborates with Food and Nutrition Society of Indonesia (PERGIZI PANGAN Indonesia). MGI serves as communication media for disseminating information on research results and literature reviews which focus on community nutrition, clinical nutrition, institutional nutrition, food service management, food technology, and current issues on food and nutrition.

IDR. 200.000,- for each copy

INTRODUCTION TO THE EDITOR

Media Gizi Indonesia (MGI) / National Nutrition Journal is a scientific journal published regularly every 4 months that provides articles regarding the research and the development of nutrition knowledge including community nutrition, clinical nutrition, institutional nutrition, food service management, food technology, and current issues on food and nutrition. Media Gizi Indonesia tries to always present a variety of scientific articles in the scope of Nutrition and Health.

This issue provides both literature review and original research in the field of nutrition across the human life cycles. For the past 2 years, we have been battling with COVID-19 pandemic and thus also highly correlated to nutrition. This edition covers research related to COVID-19 pandemic, healthy lifestyle, nutrition problem in Indonesia, food safety, and food product development. In addition, topics related to stunting were also covered considering Indonesian efforts to alleviate stunting reduction. In this edition, the contributing authors address the impact of nutrition intervention among children and also adults.

We do hope MGI scientific journals can leverage the development of writing culture and communicative scientific studies as well as attract readers and writers to participate in MGI for future issues. Media Gizi Indonesia / National Nutrition Journal will maintain its role in providing current, relevant, and topical issues in food and nutrition. Hopefully, the works displayed by MGI can provide benefits and enrich the readers' knowledge.
