Pedimaternal

NURSING JOURNAL

***Pedimaternal Nursing Journal* indexed by SINTA, Garuda, Google Scholar, WorldCat, BASE, Dimensions, PKP Index, dan INANE**

Pedimaternal Nursing Journal is a scientific media periodically published twice a year that contains scientific articles on health and nursing specifically related to the topic of child and maternity nursing. This journal as a medium for writers from students, lecturers, and researchers to be able to publish scientific work and the results of the latest research to support progress in the field of maternity nursing and children. This journal, which was first published in 2012, is managed by the Maternity and Pediatric Nursing Department under the Faculty of Nursing and published by Universitas Airlangga. Pedimaternal Nursing Journal has been obtained (p-ISSN:[2355-1577](https://doi.org/10.24127/pedimaternal.v1i1.1577); e-ISSN:[2656-4629](https://doi.org/10.24127/pedimaternal.v1i1.4629)). The Pedimaternal Nursing Journal began to switch to the online journal system starting in 2019
