EDITORIAL NOTE

Surabaya Physical Medicine and Rehabilitation Journal (SPMRJ) is a journal formed by the Department of Physical Medicine and Rehabilitation Faculty of Medicine Universitas Airlangga. Due to the increasing number of scientific papers, it is necessary to create a Journal that can publish the work. This journal provides a forum for publishing the original research articles, case reports, review articles and the novel technology news from contributors, related to physical medicine and rehabilitation. *SPMRJ* began publication in 2019 and publishes twice a year in February and August. This is our first publication in February 2019. We open up opportunities for contributors from various fields to submit articles related to physical medicine and rehabilitation for the next edition.
