

The International Journal  
of Applied Business

ISSN: 2599-0705

A decorative graphic on the left side of the cover consists of numerous thin, dark lines that curve and overlap to form a series of concentric, elongated shapes, resembling a stylized 'C' or a series of overlapping arches. The lines are more densely packed on the left and become more sparse towards the right.

TIJAB (The International Journal of Applied Business) is a per-reviewed journal that publishes original articles researching or documenting issues on applied business including, but not limited to, economics and business, taxation, banking, tourism, and hospitality. It considers both theoretical and applied manuscripts for publication. However, theoretical articles must show a link to significant business applications. A wide range of research methods including analytical work, historical analysis, case studies, statistical analysis and field research is accepted.
